Plans, specifications, and conditions of tender may be obtained from the Provincial Government Plan Viewing Room, 108, 501 West 12th Avenue, Vancouver 9, B.C. (telephone 879-7531), or from the undersigned for the sum of \$10 (cheque or money order made payable to the Minister of Finance), which is not refundable.

Construction of this contract shall conform to the requirements of the applicable sections of the Department of Highways "General Specifications for Highway Construction." It is preferred that tenderers submit with their tenders a list stating the type, capacity, and present location (so that inspection can be made if necessary) of the equipment in their possession or at their disposal which is immediately available for the carrying-out of the work within the time limit specified without in any way curtailing or delaying any Departmental project that may be under contract at this date.

No tender will be accepted or considered which contains an escalator clause or any other qualifying conditions, and the lowest or any tender will not necessarily be accepted.

It is preferred that tenderers submit with their tenders a schedule of proposed construction operations showing estimated monthly progress for each phase of the construction work.

**WATER ACT**Southern Okanagan Lands Irrigation  
District

WHEREAS the water delivery system of the Southern Okanagan Lands Irrigation District was primarily designed for agricultural use and has been funded by ARDA for such agricultural purposes only and subdivision of lands for residential purposes has progressed to the extent that requirements for water have exceeded Southern Okanagan Lands Irrigation District's capacity both physically and economically to supply further quantities of water for domestic purposes without impairing its ability to meet its agricultural requirements and the costs of any further supply of water for domestic purposes must be borne by the users thereof.

Therefore, take notice, that Southern Okanagan Lands Irrigation District will not approve any further subdivision of lands requiring water for other than agricultural and directly related purposes, nor will Southern Okanagan Lands Irrigation District provide any further domestic water connections whatsoever unless in the opinion of the board of trustees the circumstances warrant the provision of a domestic connection in any particular case. Any persons contemplating purchase of a parcel of land for residential purposes or constructing a dwelling on such land should contact the Southern Okanagan Lands Irrigation District office in Oliver, to determine whether or not a domestic water connection will be provided before proceeding. Requests for provision of domestic water for mobile homes will be treated as requests for supply of water to a dwelling-house.
